Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 25 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and breezy, with showers. Some brighter spells.

Today:
A rather cloudy start, with a few outbreaks of rain and drizzle. Cloud breaking through the day, with some brighter spells following, but also scattered showers developing, heavy and blustery at times. Feeling rather cool. Maximum temperature 13 deg C (55 deg F).

Tonight:
Showers easing during the evening, with clear spells for a time. Cloud and rain then spreading south overnight. Rather breezy. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Overnight rain easing away south through the morning, with sunny spells following, The odd afternoon shower possible. Winds easing for most, but still rather breezy along the North Sea coast. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
A mostly fine, dry period, with variable amounts of cloud and sunny spells. Warmer temperatures than recent days, but still some chilly nights. Still the odd shower possible Thursday.
